

Instructions for Using Intentional Discipleship in Your Church Planner

Inside you will discover a sample track that can be used to guide intentional discipleship in your church. This is only a sample; your church will want to develop your own tracks based on church and member needs. (A blank calendar is included for developing your own plan.) The resources suggested are categorized for 3 different stages of spiritual maturity — beginning, basic, and advanced.

The products that are listed have been coded with a number to represent the number of sessions for that resource. For example, “*Survival Kit (6)*” means it’s a 6-week course. In the sample plan the products have also been coded with one of 3 letters — “b”, “k”, or “d.” Using the legend below, these letter codes represent what the outcome or result would be after participating in that particular study.

- **b** = “be”, and is based on learning about who we are in Christ as stated in 2 Corinthians 5:17.
- **k** = “know”, and is based on discovering what we need to know as believers as stated in Colossians 1:28-29.
- **d** = “do”, and is based on finding out what we need to do as Christians as stated in James 1:22.

So, for example, if a product looks like this, “*Survival Kit (6) (b)*” that means it’s a 6-week course and it is to help believers discover how to “be” Christians, or learn more about who they are in Christ.

DISCIPLESHIP OPTIONS FOR STUDENTS, CHILDREN, AND PRESCHOOL

STUDENT

Vital Truth Series (24 books, 2-year study)

Vital Skills Series (13 books currently under development)

Discipling Cycle Series (30 weeks, 3-year strategy)
